

Commercial Structure Exterior Facade Permit Submittal Checklist

Applications for work on **Commercial Structure Exterior Facades** are reviewed by the Building and Inspection Services Division and Planning Division for compliance with applicable ordinances and design criteria and are required to be approved by these and other entities prior to issuance of a building permit. The following list of documents or information is required at the time of submission of application for permit:

- Completed City of Wheat Ridge **Permit Application** form containing the following:
 - Property owner name, address and contact information
 - Contractor and subcontractor information – *(A general contractor currently licensed with the City of Wheat Ridge, possessing a minimum Class 2 license, is required at the time of submission and all subcontractors must be disclosed and currently licensed in the appropriate licensing class prior to issuance of a building permit)*
 - Detailed description of work to be performed
 - Contract value of all work to be performed
 - Printed name and signature of individual submitting application
- A copy of the **Property Deed** or other document(s) verifying residency/ownership *may* be required prior to acceptance of an application or issuance of a permit
- Completed, original **Proof of Submission for Permitting/Plan Review Form** from the governing Fire Protection District
- Two (2) sets of minimum **24" x 36" construction plans** containing:
 - ***Architectural Elevations*** - must be "to scale" and accurately depict all proposed elevations including materials to be used and measurements to top of ridge and midpoint of roof. Provide a transparency analysis for all elevations.
 - ***Photometric plan*** – must include locations of all new exterior lighting fixtures and a numerical grid of lighting levels in footcandles or as isoilluminance curves. Must also provide lamp types and wattages, mounting heights of all fixtures, cut sheets showing design and finishes of all fixtures and designation as cutoff fixtures.
 - ***Structural plan(s)*** encompassing scope of work and materials to be used in proposed work and depicting existing and proposed conditions
 - ***Detail drawings*** of systems and components (i.e. plumbing, electrical, etc.) as necessary to facilitate review
