HELP US TO HELP YOU

Accidents and crimes to local businesses sometimes occur outside of normal business hours. When these incidents occur, it is important for the police department to locate the business owner or manager to assist in ensuring the business can be secure to help

prevent any further damage or loss. In the event of a crime, the sooner the police can begin the investigation, the sooner they can start to look for possible witnesses, suspects, and to investigate the scene.

By Providing the police with your **Standard Emergency Contact Update and Response (S.E.C.U.R.E.)** information, we can contact you outside of regular business hours.

The information provided will be used to contact a responsible party to notify them of urgent situations involving the business.

HOW TO GET STARTED

If you are interested in becoming a member of the **S.E.C.U.R.E.** system, please go to www.ci.wheatridge.co.us

Once on the city's website, go to the Police Department page and select Crime Prevention. There you can login to the **S.E.C.U.R.E.** page and review your account information.

To add additional information:

1. Select Accounts Management
2. Select Additional Contacts
3. Type the additional party contact

Through the preceding link, we utilize the Emergency Contact Information located in the Online Tax and Licensing System. By maximizing the use of this existing data base, we are efficiently increasing the use of the City's Resources.

The members of the Wheat Ridge Police Department are committed to providing the highest standards of service in partnership with the community. It is our hope that this program will assist in the safety of the Wheat Ridge community and their property. We look forward to forming this partnership with you.
