BID SUBMISSION REQUIREMENTS

- 1.0 **Sealed bids for ITB-19-10, Recreation Center Roof & HVAC Replacement**, will be received by the City of Wheat Ridge, Office of the Purchasing Agent, 7500 W. 29th Avenue, Wheat Ridge, CO 80033, as stated in the Advertisement. **BID OPENING DATE IS SET FOR THURSDAY, JUNE 6, 2019, BY 2:00 PM OUR CLOCK**, at which time bids will be publicly opened and read aloud.

Questions about this bid shall be referred to Kirby Hollums, Buyer II, at khollums@ci.wheatridge.co.us, or by phone 303-235-2885 (email preferred).

- 1.1 **Bid documents** are available on the City website: www.ci.wheatridge.co.us or on the Rocky Mountain E-Purchasing (RMEPS/Bidnet) website: www.rockymountainbidsystem.com (800-835-4603 option #2). Bidders are responsible to check the City website for the issuance of any addenda prior to submitting a bid—either by notification from Bidnet (if a registered vendor) or by checking the City website.

The City does not assume any responsibility for errors or misinterpretations resulting from the use of incomplete sets of bid documents. The City, in making copies of bid documents available on the terms in the Project Manual, does so only for the purpose of obtaining bids on the work, and does not confer a license of grant for use.

- 1.2 **Two (2) copies of the bid forms** must be signed and submitted. Single copies of the original bid bond, and any brochures or other supportive documents—if requested—will be accepted. All blank spaces for pricing must be filled in—in ink or typewritten—and the bid form must be fully completed and executed when submitted. In case of discrepancies the unit price shall govern the extension and subsequent totals. No alteration in bid prices by erasures, deletions, or strike-outs will be acceptable unless each alteration is signed or initialed by the bidder. A conditional or qualified bid will not be accepted.

The Non-Collusion Affidavit certifies that the bidder has not participated in any collusion, or taken any action in restraint of free competitive bidding. This form must be signed and submitted with the bid.

The List of Subcontractors includes names and amounts of all subcontracted work. The City reserves the right to approve the competency of any and all subcontractors' skills, responsibility, and business standing.

- 1.3 **Bids may be mailed or delivered** to the Municipal Building in person, but **MUST** be in a sealed envelope which is clearly marked with the name and number of the project for which the bid is being submitted. No bids will be accepted after the date and time established above, except by written addendum.

- 1.4 **Bid Bond** must accompany each bid, payable to the City for five percent (5%) of the total amount of the bid. A certified check or cashier's check payable to the City of Wheat Ridge may be used in lieu of a bid bond. Securities may not be substituted for bid bonds.

Attorneys-in-Fact who sign bid bonds must file with each bond a certified and effective dated copy of their Power of Attorney.

Surety companies executing bid and performance bonds must appear on the Treasury Department's most current list (Circular 570 as amended) and be authorized to transact business in the State of Colorado.

- 1.5 **A bidder may withdraw or revise a proposal after it has been deposited with the City.** Withdrawal of bids may be made either in writing or in person; however, any bid withdrawn for purpose of revision must be re-deposited with the City by the established bid due date and time. Bids may not be withdrawn after the time set for opening of bids.
- 1.6 **Late Bid:** The City assumes no responsibility for late deliveries of mail on behalf of the United States Post Office. Only sealed bids received by the Purchasing and Contracting Division will be accepted. Bids submitted by telephone, facsimile machine, or by other electronic means are not acceptable.

In the event of a situation severe enough to cause the City to close its offices for any reason, the City's Purchasing Agent has the prerogative of rescheduling the bid opening time and date. No bidder will be considered above all other bidders by having met the bid opening time and date requirements to the exclusion of those who were unable to present their bid due to the closing of City offices.

- 1.7 Issuance of this Invitation to Bid does not commit the City of Wheat Ridge to award any contract or to procure or contract for any equipment, materials, or services. The City further reserves the right to waive informalities or irregularities, and the right to accept or reject any and all bids. This may include any bid which does not meet bonding requirements, or bids which do not furnish the quality, or offer the availability of materials, equipment or services as required by the specifications, description or scope of services, or bids from bidders who lack experience or financial responsibility, or bids which are not to form, or to award bids to the lowest and most responsive and responsible bidder, or to require new bids
- 1.8 **The City of Wheat Ridge is exempt from City, County, State and Federal sales and excises taxes.** Certificates of exemption are available on the City's website: www.ci.wheatridge.co.us .
- 1.9 **Cost of Preparing Bids:** The City is not liable for any costs incurred during the bid process.

BID DOCUMENTS

- 2.0 The Contract Documents consist of the Contract Bid Documents including construction specifications, if any. The Contract Bid Documents contain the provisions required for the bidding and construction of the specified project. The Owner shall provide the bidders—prior to bidding—all information that is pertinent to and delineates and describes the work. This may occur on the plans or in a separate document.
- 2.1. Each bidder is responsible for inspecting the site and for reading and being thoroughly familiar with the Contract Documents—including addenda. The failure or omission by any bidder to do any of the foregoing shall in no way relieve any bidder from any obligation with respect to his bid. After bids have been submitted, the bidder shall not assert that there was a misunderstanding concerning the quantities of work or the nature of the work to be done, or any materials specified for the work.

- 2.2 If it should appear to a bidder that the work to be done or matter relative thereto is not sufficiently described or explained in the Contract Documents, or that the Contract Documents are not definite and clear, the bidder may make written inquiry regarding same to the Purchasing Agent by the inquiry deadline specified in the Bid Documents. Then—if in the judgment of the Purchasing Agent—additional information or interpretation is necessary, such information will be issued in the form of an addendum and will be delivered to all individuals, firms and corporations who have received the Contract Documents. Such addendum shall have the same binding effect as though contained in the main body of the Contract Documents. Oral instructions or information concerning the Contract Documents or the project, given out by officers, employees, or agents of the Owner to prospective bidders, shall not bind the Owner. If no questions are submitted as outlined by the designated inquiry deadline, bidder waives the right to any conflict in the Contract Documents.
- 2.3 All applicable laws, ordinances, and the rules and regulations of all authorities having jurisdiction over construction of the project shall apply to the contract throughout. Further, the bidder agrees to abide by the following Federal requirements: Executive Order No. 11246 as amended, including specifically the provisions of the Equal Opportunity Clause, the Immigration Reform and Contract Act of 1986, and the Americans with Disabilities Act of 1991.

As a recipient of Federal funds, subject to United States Department of Transportation Title VI Regulations at 49 CFR Part 21 the Civil Rights Act of 1964, the City of Wheat Ridge, and its responsible agents, contractors and consultants assure that no person shall on the grounds of race, color, or national origin be excluded from participation in the opportunity to bid, or be discriminated against in consideration of award of this project. Disadvantaged business enterprises will be afforded full opportunity to submit bids in response to all invitations subject to the Regulations. The United States has a right to seek judicial enforcement with regard to any matter arising under Title VI, 49 CFR Part 21 and assurances.

- 2.4 **Contractor Qualification:** Bidder must complete and submit the Contractor Qualification Form provided with the Bid Document. Failure to complete this form and submit with bid may result in the disqualification of the contractor. The City's acceptance of this bid shall be based on information provided by the contractor in this form. Bid amount and qualification shall be evaluated subsequent to bid opening to determine the successful bidder. The City does not pre-qualify contractors.
- 2.5 **Bidding Errors:** The City will not be liable for errors in any vendor's bid. Vendors will not be allowed to alter bids after the submission deadline has passed. The City reserves the right to make corrections or amendments due to errors identified in bids by the City or the vendor. This type of correction or amendment will only be allowed for such errors as typographical, transposition, or other obvious error. Vendors are liable for all errors or omissions contained in their bids.

When—after the City opens and tabulates submitted bids—a bidder claims error and requests to be relieved of award, he will be required to promptly present certified worksheets. The Purchasing Agent will review the worksheets, and if the Purchasing Agent is convinced—by clear and convincing evidence—that an honest, mathematically-excusable error or critical omission of costs has been made, the bidder may be relieved of his bid.

After opening and reading bids, the City will check submittals for correctness of extensions of unit pricing and total price. If a discrepancy exists between the price-per-unit and the extended amount of any bid item, the unit price shall prevail. The total of extensions, corrected where necessary, will be used by the City.

- 2.6 **Single Response:** A single response to this ITB may be deemed a failure of competition, and in the best interest of the City, the bid process may be cancelled.

- 2.8 **Proprietary material:** Any information contained in the bid that is proprietary must be clearly designated as such. Marking the entire bid as proprietary will be neither accepted nor honored, and may result in a non-responsive determination resulting in disqualification of the bid.
- 2.9 **Bid rejection:** The City reserves the right to reject any or all bids at any time without penalty.

CONTRACT AWARD

- 3.0 The Owner may make such investigations as deemed necessary to determine the ability of the bidder and subcontractors to perform the work, and the bidder shall furnish to the Owner all such information and data for this purpose, as the Owner may request. The Owner reserves the right to reject any bid if the evidence submitted or the investigation fails to satisfy the Owner that such bidder or any subcontractor is properly qualified to carry out the obligations of the Agreement. If the Owner rejects any subcontractor as unqualified, the bidder may substitute another subcontractor for approval by the Owner, but no change to the bid price will be allowed.
- 3.1 **Award of Contract** is anticipated within sixty (60) calendar days after the opening of bids, to the lowest most responsive, responsible, qualified bidder whose bid complies with all the requirements of this ITB. In addition to price, the following elements shall be given consideration:
- The ability, capacity and skill of the bidder to perform the contract work or provide the service required
 - The character, integrity, reputation, judgment, experience and efficiency of the bidder
 - Whether the bidder can perform the contract within the time specified
 - The quality of Bidder's performance on previous contracts, if applicable
 - The previous and existing compliance by the Bidder with laws relating to the contract or services
 - Evidence of collusion with any other bidder, in which case colluding bidders will be restricted from submitting further bids on the subject project for future tenders
 - Such other information as may be secured having a bearing on the decision to award the contract

Evaluation and award will only include the alternate (if any) if the base bid and the alternate price combined are within the advertised cost range. If more than one alternate is listed in the bid, the order or selection of the alternates for award is at the discretion of the City. Final award is made in the best interest of the City of Wheat Ridge.

- 3.2 **Notice of Award:** The successful bidder shall be notified of the recommendation for award and asked to provide two (2) signed agreements, verification of current liability insurance coverage, and payment and/or performance bonds. A performance bond and payment bond—each in the amount of 100 percent (100%) of the contract price—with a corporate surety approved by the Owner, will be required for the faithful performance of the contract. Securities may not be substituted for Payment or Performance Bonds. Attorneys-in-Fact who sign Payment and Performance Bonds must file with each bond a certified and effective dated copy of their Power of Attorney.
- 3.3 **Agreement and Bonds:** The successful bidder shall return the two copies of the executed agreement and one acceptable Performance and Payment Bonds by a designated date. If the bidder fails to comply by the designated date, or if the bidder fails to provide acceptable bonds, the Owner may—at its option—consider the bidder in default, in which case the Bid Bond accompanying the proposal (bid) shall become the property of the Owner.
- 3.4 **Notice to Proceed:** The Owner, within fourteen (14) calendar days of receipt of the requirement stated in 3.3 above, shall execute the agreement and issue the Notice to Proceed at a pre-construction meeting with the contractor. If the Owner cannot issue the Notice to Proceed within such time period, the time period will be extended by mutual agreement between the Owner and contractor. If the Notice to Proceed has not been

issued within the 14 calendar day period or within the period mutually agreed upon, the contractor may terminate the agreement, by written notice, without further liability on the part of either party.

3.5 **Additional Documents:** Upon receiving Notice of Award the contractor may obtain from the City three sets of documents at no cost. Additional sets of drawing and specifications may be purchased on a cash sale basis from the City. The contractor and the Owner will agree on the date that work will commence, which shall be within fourteen (14) calendar days of the date of the Notice to Proceed, unless a time extension is approved by the Owner.

3.6 **Funding Appropriation:** Section 2-3 of the City's Code of Laws is presented in part below:

(a) **FISCAL YEAR.** Fiscal year for the City shall commence on January 1st and end on December 31st.

(b) **BUDGET CONTAINS APPROPRIATIONS.** The City Council shall annually adopt a budget in a manner consistent with the provisions of Chapter X of the Home Rule Charter of the City of Wheat Ridge. Upon the annual adoption by the City Council of each year's budget, levels of authorized expenditures from the funds indicated within the annual budget itself and/or the adopting resolution shall constitute the appropriation of the amounts specified therein for the purposes specified therein. During the course of each fiscal year, approval by the City Council of contracts for goods or services, and /or approval of bids for the provision of specified goods or services, shall likewise constitute appropriations of the amounts specified therein for the purposes specified therein.

(c) **NO CONTRACT TO EXCEED APPROPRIATION.** During each and any fiscal year no contract entered into by or on behalf of the City shall expend or contract to expend any money, or incur any liability, nor shall any contract be entered into nor any bid be awarded by or on behalf of the City which, by its terms, involves the expenditure of money for any of the purposes for which provision is made either in the adopted budget or adopting resolution, including any legally authorized amendments thereto, in excess of the amount appropriated in the budget or the approved contract or bid amount. Any contract or bid award, either verbal or written, made in violation of the provisions of this Section shall be void as to the City, and no monies from any source whatsoever shall be paid thereon.

(d) **AMENDMENTS AND AUTHORIZED EXPENDITURES.** Nothing contained herein shall preclude the City Council from adopting supplemental appropriation in a manner consistent with the provisions of Section 10.12 of the Home Rule Charter of the City of Wheat Ridge. Further, nothing contained in this Section shall prevent the making of contracts for governmental services or for capital outlay for a period exceeding one year, if such contracts are otherwise allowed by the Home Rule Charter of the City provided, however, any contract so made shall be executed only for the amounts agreed to be paid for such services to be rendered in succeeding fiscal years.

(e) **NOTICE TO PARTIES CONTRACTING WITH THE CITY.** All persons contracting with or selling goods or services to the City are hereby placed on notice of the provisions of this Section. The provisions of this Section shall become a part of the Merit System Personnel Rules and Regulations of the City of Wheat Ridge, shall be referred to specifically in all Public Works bid documents and contracts, and shall be incorporated into, or specifically noted within, all other contracts entered into by or on behalf of the City, wherein City funds are used to pay for said contract.

3.7 **Delays,** Section 2-4 of the City Code of Laws is presented in part below:

(a) The City may, by contract, require the contractor awarded a Public Works contract to waive, release, or extinguish its rights to recover costs or damages, or to obtain an equitable adjustment for delays in performing such contract, if such delay is caused—in whole or in part—by acts or omissions of the City or its agents, if the contract provides that an extension of time for completion of the work is the Contractor's

remedy for such delay. Such a clause is valid and enforceable, any provision of State law to the contrary notwithstanding.

- (b) The City Council, by this ordinance, declares its local contracting powers to be a matter of purely local concern, and further specifically intends to supersede, pursuant to its powers under Article XX of the Colorado Constitution, the provisions of Sections 24-91-101 and 103.5 C.R.S., insofar as they conflict with the provisions of this Section of the Code of Laws of the City of Wheat Ridge, Colorado.

3.8. Termination, Indemnification, Cancellation/Remedies

Termination for Cause: If the successful bidder shall fail to fulfill in a timely and proper manner its obligations, or violate any of the covenants, agreements, or stipulations of the award, the City shall have the right to terminate the agreement by giving written notice to the bidder of such termination. All completed or unfinished work, reports, materials, documents and anything relating to the project shall become property of the City. The Bidder shall not be relieved of liability to the City for any damages sustained by virtue of the breach. The City may withhold payments until the cost of the damages is assessed.

Termination for Convenience: The City may terminate the award at any time by giving written notice to the successful vendor of such termination and specifying the effective date, at least thirty (30) working days before the effective date of such termination. In that event, all finished or unfinished services, reports, materials prepared or furnished by the successful bidder under the award shall—at the option of the City—become its property. If the award is terminated by the City, the successful vendor will be paid an amount which bears the same ratio to the total compensation as the services actually performed or material furnished bear to the total services/materials the successful bidder covered by the award, less payments of compensation previously made. If the award is terminated due to the fault of the successful bidder, termination of award for cause relative to termination shall apply.

Indemnification: The successful bidder agrees to indemnify, defend and to hold the City and its agents, officials, officers and employees harmless for, from, and against any and all claims, suits, expenses, damages, or other liabilities including reasonable attorney fees and court costs arising out of damage or injury to persons, entities, or property causes or sustained by any person or persons to the extent caused by the negligent performance or failure of the Consultant to provide services pursuant to the terms of this Agreement.

Cancellation/Remedies: The City reserves the right to cancel any order resulting from this ITB with a sixty (60) day written notice if the vendor has failed to comply with the terms specified, has been notified in writing of three (3) such failures, and has failed to remedy the problem after each written notification. In the event of cancellation based on lack of contract compliance, the City will not be subject to any early termination or cancellation charges.

To the CITY OF WHEAT RIDGE (hereinafter called "Owner").

The undersigned bidder proposes and agrees—if this bid is accepted—to enter into an agreement with the Owner in the form included in the Contract Bid Documents, to complete all work as specified or indicated in the Contract Bid Documents for the contract sum and within the contract time indicated, in accordance with the Contract Bid Documents.

By submission of this bid, each bidder certifies, and in the case of a joint bid, each party thereto certifies as to his own organization, that this bid has been arrived at independently—without consultation or communication with any competitor. Every bid submitted to the City shall contain a statement certifying that the bidder has not participated in any collusion or taken any action in restraint of free competitive bidding. CITY OF WHEAT RIDGE

GENERAL PROVISIONS

1. DEFINITIONS:

"City" (also sometimes referred to as "Owner") means the City of Wheat Ridge, Colorado.

"City Representative" means the City is represented by employees who will assume Project administration, oversight, and inspection responsibilities as further defined in the Contract. The name of the City Representative will be furnished at the pre-construction conference or prior to the commencement of the work, in the Notice to Proceed. "City Representative" shall also mean the person or persons designated to act for the City in performing on-site observation of the performance of the Contract.

"Contractor" means the person, partnership, firm or corporation responsible for the physical accomplishment of the project.

"Subcontractor" means only those having a direct contract with the Contractor and includes one who furnished materials worked to a special design according to the plans or specifications for the work under the Contract, but does not include one who merely furnishes material not so worked.

"Notice" means written demand, instruction or order duly served. Written notice shall be deemed to have been duly served if delivered in person to the Contractor, or if delivered in person or sent by registered mail to the address given in the Contract and shall have been duly served upon the City if delivered to the City Clerk of the City of Wheat Ridge, Municipal Building, Wheat Ridge, Colorado, either in person or by registered mail.

"Work" means performance of the Contractor or Subcontractor including labor and materials and all services incidental thereto.

"Cost" means all charges and expenditures of every kind applicable to the accomplishment of the work.

"Final Completion" means when all items are one hundred percent (100%) complete and when all known defective work has been corrected as certified by the City Representative.

"Substantial Completion Date" is the date on which the City Representative certifies the readiness of the work for beneficial occupancy or use, and is the date for terminating liability for liquidated damages and for determining incentive payments due for early completion.

2. MATERIALS, SERVICES, AND FACILITIES:

The Contractor shall and will, in good workmanlike manner, do and perform all work and furnish and pay for all labor, superintendence, material, utilities, machinery, equipment, tools, transportation, facilities, temporary construction of every nature and all other services and facilities of every nature, except as herein otherwise expressly specified, necessary or proper to perform and complete all the work, within the time stated, in accordance with the plans, drawings and specifications covered by the Contract, and any and all supplemental plans, drawings and specifications. He shall furnish, erect, maintain and remove such construction plant and such temporary works as may be required. It will be the responsibility of the Contractor to locate/negotiate a staging area. The City will not provide a staging area on City owned property. Any work necessary to be performed after regular working hours, on Saturdays, Sundays, or Legal Holidays, shall be performed without additional expense to the City.

Effective December 15, 2017, Council Bill No 18 Ordinance 17-1630, permissible hours of construction activities are limited to the hours of seven (7:00 A.M.) to seven (7:00 P.M.) of the same calendar day. These hours are subject to several exceptions regarding immediate threats to the health, safety or welfare of any person, and that do not otherwise violate Section 16-103 of the Wheat Ridge Code of Laws concerning unreasonable noise and disturbing the peace. A temporary waiver may be requested in writing, subject to the approval, suspension or modification of such temporary waiver by the Community Development Director, as stated in the Ordinance.

3. CONTRACTOR'S TITLE TO MATERIALS:

No materials or supplies for the work shall be purchased by the Contractor or by any Subcontractor subject to any chattel mortgage or under a conditional sale contract or other agreement by which an interest is retained by the seller. The Contractor warrants that he has good title to all materials and supplies used by him in the work, free from all liens, claims or encumbrances.

4. OBSERVATION AND TESTING:

All work performed and all workmanship, equipment and materials used in the construction shall be subject to Observation, examination and test, at any and all times during construction.

5. WEATHER CONDITIONS:

In the event of temporary suspension of work, or during inclement weather or whenever the City shall direct, the Contractor will, and will cause his Subcontractors to, protect carefully his and their work and materials against damage or injury from weather. If, in the opinion of the City, any work or materials shall have been damaged or injured by reason of failure on the part of the Contractor or any of his Subcontractors to so protect his work, such materials shall be removed and replaced at the expense of the Contractor.

6. EMERGENCY - PROTECTION OF LIFE AND PROPERTY:

In case of an emergency which threatens loss of injury or property, and/or safety of life, the Contractor is hereby permitted to act at his own discretion and in a diligent manner without prior instructions from the City to prevent the threatened loss or injury. He shall notify the City immediately thereafter. Any claim for compensation by the Contractor due to such extra work shall be promptly submitted in writing to the City for approval. The amount of any reimbursement claimed by the Contractor shall be determined in the manner provided in Article 9 of this Contract.

7. REPORTS, RECORDS, AND DATA:

The Contractor shall submit to the City such schedule of quantities and costs, progress schedules, payrolls, reports, estimates, records and other data as may be requested concerning work performed or to be performed under this Contract.

8. SUPERINTENDENCE BY CONTRACTOR:

At the site of the work, the Contractor shall employ a construction superintendent or foreman who shall have full authority to act for the Contractor. It is understood that such Representative shall be acceptable to the City and shall be one who can be continued in that capacity for the particular job involved unless he ceases to be on the Contractor's payroll. All directions given to such Representative in the Contractor's absence shall be as binding as if given to the Contractor.

9. CHANGES IN THE WORK:

The City may, at any time, by written order and without notice to the sureties, require the performance of extra work or make changes by altering, adding to, or deducting from the work. The amount of compensation to be paid to the Contractor shall be adjusted accordingly without invalidating the Contract and in accordance with whichever of the following plans the City elects: (1) a price agreed upon, (2) a price based on unit prices of the Contract; or (3) a price determined by adding fifteen percent (15%) to the reasonable cost of the extra work, addition, alteration, or deduction; provided however, that no additions to the Contract Price shall be agreed upon by, or shall be binding upon the City if the effect of said price increase is to increase the Contract amount beyond the amount of money appropriated by the City Council, as specified in Section 2-3 of the Code of Laws of the City of Wheat Ridge.

In giving instructions, the City may authorize minor changes in the work, not involving extra cost and not inconsistent with the purpose of the project. Otherwise, except in an emergency endangering life or property, no extra work or change shall be made unless in pursuance of a written approved Change Order or RFI response by the City.

10. COMPLETION TIME; INCENTIVE PAYMENTS; LIQUIDATED DAMAGES:

Completion time shall be within 90 working days.
Incentive payments are not available for this project.
Liquidated damages shall not apply for this project.

Permitting the contractor to continue and finish the work or any part thereof after the contract time has elapsed shall not be construed as a waiver on the part of the City of any of its rights under the contract.

11. TIME EXTENSIONS:

The Contractor shall, within seven (7) days from the beginning of any delay, notify the City, in writing, of the causes thereof and the City shall ascertain the facts, the extent of the delay and notify the Contractor of the decision in the matter.

The completion time shall be extended when delay in completion of the work by the Contractor is due to unforeseeable causes beyond his control and without his fault or negligence, including, but not restricted to, acts of God or the public enemy, acts or neglect of the City, acts of neglect of any other contractor, fires, floods, epidemics, quarantine restrictions, strikes, riots, civil commotions or freight embargoes. The time of completion of his work shall be extended by such time as shall be fixed by the City.

No such extension of time shall be deemed a waiver by the City of its right to terminate the Contract for abandonment or delay by the Contractor as herein provided or relieve the Contractor from full responsibility for performance of his obligations hereunder. The City's liability for delay shall be limited pursuant to the provisions of Section 2-4 of the Code of Laws of the City of Wheat Ridge and shall be limited to granting a time extension to the Contractor.

12. DEFECTIVE WORK:

The observation of the work by the City shall not relieve the Contractor of any of his obligations to fulfill his Contract as herein prescribed, and defective work shall be made good, and unsuitable materials may be rejected, notwithstanding that such work and material have been previously overlooked by City representative(s) and accepted or estimated for payment or paid for. If the work or any part thereof shall be found defective or at any time before the final acceptance of the whole work, or the final payment therefore, the Contractor shall forthwith make good such defect in a manner satisfactory to the City and if any material brought upon the ground for use in the work, or selected for the same, shall be condemned by the City as unsuitable, the Contractor shall forthwith remove such materials from the vicinity of the work and shall replace, at his own expense, damaged or unsuitable materials with the new materials of satisfactory quality.

Neither the foregoing nor any provision of these Contract Documents, nor any special guarantee time limit, shall be held to limit the Contractor's liability for defects to less than the legal limit of liability in accordance with the law of the place of the construction.

The Contractor shall pay the City all expenses, losses, and damages as determined by the City incurred in consequence of any defect, omission, or mistake of the Contractor or his employees or the making good thereof.

13. UNEXPECTED UNDERGROUND STRUCTURES; CHANGE OF CONDITIONS:

Should the Contractor encounter underground structures at the site materially differing from those shown on the Plans or indicated in the Specifications, he shall immediately give notice to the City of such conditions before they are disturbed. The City will thereupon promptly investigate the conditions, and if it is determined that they materially differ from those shown on the Plans, may authorize changes to be made to the Plan and/or Specifications as may be necessary.

It is understood and agreed that the Contractor has considered in his bid all of the permanent and temporary utility appurtenances in their present or relocated position as shown on the plans and that additional compensation will

not be allowed except for any unreasonable delays, or damage sustained by him due to any interference from the said utility appurtenances. Unreasonable delays shall constitute delays caused by a complete shut down of all operations. It is understood that utilities are not owned, operated or controlled or subject to control by the City of Wheat Ridge. Relocations of facilities owned by said utilities are not a matter over which the City has control. The Contractor shall adjust his schedule in anticipation of such delays so that work in other areas may be completed away from the area of utility conflict.

The locations of all utilities shown on the Project plans should be considered approximate. It is therefore the responsibility of the Contractor to notify the appropriate utility and obtain more precise locations. No compensation will be made to the Contractor for any damage, delay or additional cost incurred as a result of failure to obtain utility locations.

Information on the Plans in the Contract Documents referring to the existence of utilities or other underground structures is not guaranteed to be correct or to be a complete representation of all existing data. Every effort has been made, however, to make this information complete and accurate on the basis of all data and information which could be procured by the City. The Contractor shall make his own examination and shall draw his own conclusions as to the underground facilities which will be encountered, and he shall have no claim for damages of any kind on account of any errors, inaccuracies or omission that may be found.

There shall be no adjustment in Contract Price based on changed site conditions. The Contractor is required hereby to make an on-site inspection and investigation, which includes determination of location of utilities and said and other natural conditions. Representations regarding site and soil conditions and utility locations are based on the best information available to the Owner and final determination as to both site and soil conditions and utility locations is left to the Contractor, without recourse to the City. The City shall allow reasonable and necessary access to the site to Contractor and his representatives to make such determination and site review.

14. CLAIMS FOR EXTRA COSTS:

No claim for extra work or cost shall be allowed unless the same was done in pursuance of written order of the City, as provided for in Article 9, and the claim was presented prior to the issuance of the final payment. When work is performed under the "reasonable cost" method as outlined in Article 9 of the General Conditions, the Contractor shall furnish satisfactory bills, payrolls and vouchers covering all items of cost, and when requested by the City, give the City access to accounts relating thereto.

15. RIGHT OF CITY TO TERMINATE CONTRACT:

If (1) the Contractor or any of his Subcontractors shall be adjudged bankrupt or (2) if he shall make a general assignment for the benefit of his creditors or (3) if a receiver shall be appointed of his property, or (4) if the work to be done under this Contract shall be abandoned, or (5) if this Contract or any part hereof shall be sublet, without the previous written consent of the City, or (6) if the Contract or any claim thereunder shall be assigned by the Contractor otherwise than as herein specified, or (7) at any time the City shall certify in writing that the rate of progress of the work or any part thereof is unsatisfactory or (8) that the work or any part thereof is unnecessarily or unreasonably delayed, or (9) that the Contractor, his subcontractors, agents or employees have violated any of the provisions of this Contract, or of the plans and specifications, or construction schedule, the City shall notify Contractor and the Surety, and shall be entitled immediately to terminate the Contract. The Surety shall have the right to take over and perform the Contract, provided, however, that if the Surety does not commence performance thereof within ten (10) days from the date of the mailing to such Surety of notice of termination, the City may take over the work and prosecute the same to completion by contract or by force account for the account and at the expense of the Contractor, and the Contractor and his Surety shall be liable to the City for any excess cost occasioned the City thereby, and in such event the City may take possession of and utilize in completing the work, such materials, machinery, appliances and plant as may be on the site of the work and necessary therefore. The Contractor, by signing this Contract, gives to the City in the event of default, right to use such aforesaid articles to the full extent which they could be used by the Contractor. The City shall not be liable to the Contractor for trespass or conversion.

All expenses charged under this article shall be deducted and paid for by the City out of money then due to become due the Contractor under this Contract or any part thereof, and in such account the City shall not be held to obtain the lowest figures for the work of completing the Contract or any part thereof or for insuring its proper completion, but all sums actually paid hereafter shall be charged to the Contractor and his Surety. In case the expenses so

charged are less than the sum which would have been payable under this Contract if the same had been completed by the Contractor, the City shall be entitled to retain the difference and in case such expenses shall exceed the said sum, the Contractor and his Surety shall pay the amount of the excess to the City upon completion of the work without further demand being made therefore.

16. CONSTRUCTION SCHEDULE:

Before any work is begun, the Contractor shall provide to the City a written schedule detailing the order and manner of doing the work. Before the first partial payment is made, the Contractor shall deliver to the City an estimated construction progress schedule in form satisfactory to the City, showing the proposed dates of commencement and completion of each of the various subdivisions of work required under the Contract. The Contractor shall provide an updated schedule every two weeks.

17. PAYMENTS TO THE CONTRACTOR:

During the course of construction, the Contractor shall request payment of work actually performed during the preceding month. The City will once each month make a progress payment to the Contractor on the basis of an evaluation of the claim by the City as to amount of work done and that the City has received full value thereof. In accordance with House Bill 11-1115, the City shall retain five percent (5%) of the value of the completed work. Retainage shall be held until final completion and acceptance of all work, as part security for the fulfillment of the Contract by the Contractor. The amount of the progress payments shall be the balance not retained as aforesaid, after deducting all previous payments and all other sums to be kept or retained under the provisions of this Contract. The Contractor shall have no right to either terminate the Contract or to claim damages if he considers partial payments inadequate.

18. CERTIFICATE OF COMPLETION:

Upon completion of all work whatsoever required including completion of all known defective work, the City shall file a written certificate with the Contractor as to the entire amount of work performed and compensation earned by the Contractor including Extra Work and compensation therefore, and including the date of completion.

19. FINAL PAYMENT:

After the filing of the Certificate of Completion, the City shall pay to the Contractor in accordance with applicable Colorado laws (Article 38, Chapter 26, Section 101 Et. Seq. Colorado Revised Statutes) and upon authorization of funds disbursement by the City Council the amount therein stated, less all prior payments and advances whatsoever, to or for the Account of the Contractor. All prior estimates and payments including those relating to extra work shall be subject to correction by this payment.

20. PAYMENT WITHHELD:

The City, as a result of subsequent discovered evidence, may withhold or nullify the whole or a part of any payment to such extent as may be necessary to protect the City from loss on account of:

- (a) Defective work not remedied.
- (b) Claims filed or reasonable evidence indicating probable filing of claim.
- (c) Failure of the Contractor to make payments properly to Subcontractor or for material or labor, or to comply with laws relative thereto.
- (d) A reasonable doubt that the Contract can be completed for the balance then unpaid.
- (e) Damage to another Contractor.
- (f) Damage to the real or personal property of another and failure to repair or replace the same.

When the grounds for withholding payment have been corrected to the satisfaction of the City, the City shall proceed to process any amounts due.

21. FINAL PAYMENT TO TERMINATE LIABILITY OF CITY:

The acceptance by the Contractor of the last payment made as aforesaid under the provisions of Article 19 shall operate as and shall be a release to the City, its officers, or agents from all claims and liability to the Contractor, his

vendors, laborers or Subcontractors for anything done or furnished for, relating to, or for any act or neglect of the City or of any persons relating to, or affecting the work, except the claim against the City for the remainder, if any there be, of the amounts kept or retained as provided in Article 17, 19 and 20 of these . Said acceptance shall also operate as a general release of the City by the Contractor.

22. EFFECT OF CERTIFICATION AND PAYMENT:

Neither the certification nor payment made to the Contractor, not partial or entire use or occupancy of the work by the City shall be an acceptance of any work or materials not in accordance with the Contract. The making and acceptance of the final payment shall constitute a bar of all claims by the Contractor, except those previously made in writing and still unsettled.

23. GENERAL WARRANTY:

The Contractor shall guarantee the work against defective materials or workmanship for a period of one (1) year from the final completion date. Upon discovery of any defects including any damage to other work resulting, repair and replacement that is required, in the opinion of the City, shall be done immediately by the Contractor at the Contractor's expense. Should the Contractor fail to repair such defective material and/or workmanship, or to make replacement within five (5) days after written notice by the City, it is agreed that the City shall make such repairs and replacements and the actual cost of the required labor and materials shall be chargeable to and payable by the Contractor.

24. INSURANCE:

The Contractor shall maintain a Commercial General Liability insurance policy to protect the Contractor and the City from any and all claims of bodily injury and property damage, including death, which may arise from the Contractor's operations and completed operations under this Contract, including the work of its subcontractors. The liability policy shall be the primary and non-contributory insurance for such claims and shall not contain any "excess" or "other insurance" clauses which limit its primary coverage. The liability policy shall not be terminated or cancelled prior to the completion of this contract without at least 45 days prior written notice to the City. The Contractor shall carry and also require all of its subcontractors to carry Commercial General Liability and Automobile Liability insurance in accordance with the following stipulated limits:

For Liability: \$1,000,000 per Occurrence/\$2,000,000 Aggregate Bodily Injury & Property Damage Combined Single Limit

For Automobile: \$1,000,000 Bodily Injury & Property Damage Combined Single Limit each Accident

Builder's Risk Insurance:

The Contractor shall insure 100% of the replacement value of the work and materials installed and delivered, plus the replacement value of the work or materials furnished or delivered but not yet paid for by the City, for the life of the contract on an All-Risk basis, subject to the normal exclusions, terms and conditions of the standard Builder's Risk insurance policy with an insurance company or companies acceptable to the City.

The Contractor shall be responsible for all damage to the work under construction until acceptance of and release of responsibility for the work to the City.

Workers' Compensation Insurance: The Contractor shall provide Workers' Compensation and Employer's Liability insurance in conformance with all Colorado statutory limits for all persons employed by the Contractor on the work to be performed under this contract, and shall require all of its subcontractors to provide the same.

Certificates of Insurance: Certificates of Insurance shall be attached to the executed contract documents and shall become part of the contract as information documents only. The certificates shall provide that the insurance shall not be cancelled or terminated prior to completion of the work and that forty-five (45) days' notice shall be given the City prior to cancellation of policies.

Indemnification of City: Contractor hereby indemnifies and agrees to hold the City and its representatives and agents harmless for and on account of any act or omission of the Contractor in the execution and completion of the

project specified herein, and this indemnification shall extend to and include Bodily Injury, Property Damage or Personal Injury, including compensatory, economic, punitive or special damages suffer by any person or entity in connection with the project. Contractor agrees to defend the City hereunder and indemnify the City, to include all court costs and attorney's fees incurred in any defense required to be undertaken by the City as a result of the actions of the Contractor on the project. The City of Wheat Ridge, its officers and employees shall be added to the Contractor's Commercial General Liability policy as Additional Insured as its interests may appear.

Notwithstanding the foregoing, nothing contained herein shall be deemed a waiver by the City of any of the protections afforded the City by virtue of the provisions of the Colorado governmental Immunity Act (Colo. Rev. Stat. 24-10-101).

25. RESPONSIBILITY FOR WORK; PRIORITY OF DOCUMENTS:

- a) Debts and claims: The Contractor shall pay all debts for labor and materials contracted for by him on account of the work herein contemplated. The Contractor shall assume the defense of, and indemnify and save harmless, the City and its officers and agents, from all claims relating to labor and materials furnished for the work; to infringement or alleged infringement of invention patents and patent rights used in, or in connection with the work or however originating from any of the work under this Contractor from conditions created thereby; to injuries to any persons or corporation caused by the acts or negligence of the Contractor or any of his agents or employees, or of any Subcontractor or any agents or employees of any Subcontractors, in doing the work or in consequence of any improper materials, implements or labor used therein; and shall fully reimburse and repay to the City all outlay and expense which the City may incur by reason of his failure to do so. The Contractor shall satisfy all suits and claims against the City arising from the violation of any law, ordinance, regulation, order, or decree on the part of the Contractor or any of his agents or employees, or any Subcontractor, or agent or employees of any Subcontractor; shall fully indemnify and save harmless the City against and from all cost, loss, and damage which the City may suffer by reason of his failure to do so; and shall fully reimburse and repay to the City all outlay and expense which the City may incur in making good any such default. The Contractor shall fully complete the work required to be done under this Contract, free from all liens and claims of any kind whatsoever.
- b) Plans and Specifications: It shall be the duty of the Contractor to carefully study and compare all drawings, specifications and instructions, visit the project site and acquaint himself with all conditions, and call to the attention of the City any discrepancy, error, omission or inconsistency that may exist in the plans or specifications, or between the plans and specifications, or any conflict between existing conditions and requirements of the plans and specifications. The execution or work in accordance with the plans, specifications or other instructions will be considered as evidence that the Contractor is thoroughly familiar with the true intent of the plans, specifications or other instructions. Change orders will not be issued to cover any cost, loss, or expense for additional labor or material required to rectify any discrepancies discovered or reported to the City after the execution of the work, unless the discrepancies are errors in structural, mechanical or electrical design as determined by the City.
- c) Priority of Documents: In case of discrepancy or inconsistency in the terms or conditions of any documents, the Contract Documents shall have the following order of priority such that a statement appearing in the document with the higher priority shall control any inconsistent statement in a document of lower priority. (The following are listed from the highest priority to the lowest priority):
 - 1. The Agreement
 - 2. Drawings and any notes appearing on the drawings
 - 3. Project Special Provisions
 - 4. General Provisions of the Contract for construction.

26. NOT USED

27. CARE AND PROTECTION OF PROPERTY:

The Contractor expressly undertakes at his own expense:

To assume full responsibility for the preservation of all public and private property, and use every precaution necessary to prevent damage thereto. If any direct or indirect damage is done to public or private property or on account of any act, omission, neglect or misconduct in the execution of the work on the part of the Contractor, such property shall be restored by the Contractor, at his expense, to a condition similar or equal to that existing before the damage was done, or he shall make good the damage in another manner acceptable to the City. No representations are made by or on behalf of the City concerning the conditions, locations or state of repair or existing sewers, drains, water mains and other underground structures;

To store his apparatus, materials, supplies, and equipment in such orderly fashion at the site of the work as will not unduly interfere with the progress of his work or the work on any other Contractor;

To place upon the work or any part thereof only such loads as are consistent with the safety of that portion of the work;

To fully and completely remove all utility markings generated by or as a result of the project from public rights-of-way utilizing a method that is least destructive to the existing improvements, and which method has been approved by the City. Should the contractor propose to remove the markings with pressure washing, all pressure washing runoff and residue shall be contained and collected in accordance with Best Management Practices and Wheat Ridge Ordinance Chapter 20, Stormwater Quality and Control. Removal of all markings shall occur no later than twenty (20) days after completion of work.

To remove all surplus material, false-work, temporary structures, including foundations thereof, plant of any description and debris of every nature resulting from his operations, and to put the site in a neat, orderly condition before final payment;

To affect all cutting, fitting or patching of his work required to make the same to conform to the Plans and Specifications and, except with the consent of the City, not to cut or otherwise alter the work of any other Contractor. The Contractor shall not, except after written consent from proper parties enter or occupy with men, tools, materials or equipment, any privately owned land except on easements provided herein.

28. LANDS FOR WORK AND RIGHT-OF-WAY:

The City will provide land, right-of-way and easements for all work specified in the Contract.

29. NO DAMAGES FOR CERTAIN DELAYS:

The City may delay the commencement of the work, or any part thereof, if the City shall deem it for the best interest of the City to do so. The Contractor shall have no claim for damages on account of such delay, but he shall be entitled to so much additional time in which to complete the whole or any portion of the work required under this Contract as the City shall certify in writing to be just. The Contractor shall have no claim for damages on account of any delay on the part of another Contractor. Contractor expressly acknowledges and accepts the provisions of Section 2-4 of the Code of Laws of the City of Wheat Ridge as controlling this Project.

30. REQUIRED PROVISIONS DEEMED INSERTED:

Each and every provision of law and clause required by law to be inserted in this Contract shall be deemed to be inserted herein, and the Contract shall be read and enforced as though it were included herein, and if through

mistake or otherwise, any such provision is not inserted, or if not correctly inserted, then upon the applications of either party, the Contract shall forthwith be physically amended to make such insertion.

31. PROTECTION OF LIVES AND HEALTH:

The Contractor shall take all necessary precautions for the safety of employees of the work, and shall comply with all applicable provisions of Federal, State, and Municipal safety laws and building codes to prevent accidents or injury to persons on, about or adjacent to the premises where the work is being performed. He shall erect and properly maintain at all times, as required by the conditions and progress of the work, all necessary safeguards for the protection of workmen and the public and shall post danger signs warning against the hazards created by the construction such as protruding nails, hod hoists, well holes, elevator hatchways, scaffolding, window openings, stairways, and failing materials.

The Contractor shall comply with the Department of Labor Safety and Health Regulations for construction promulgated under the Occupational Safety and Health Act of 1970 (PL-91-596) and under Section 107 of the Contract Work Hours and Safety Standards Act (PL-19-54).

32. WAGE RATES:

The attention of the bidder is called to the requirements and provisions of all applicable laws and any amendments thereof or additions thereto as to the employment of labor, and to the schedule of any minimum wage rates established in compliance with such laws. If, after the award of the Contract, it becomes necessary to employ any person in a trade or occupation not classified in the wage determinations, such person shall be paid at not less than such rate as shall be determined by the officials administering the laws mentioned above.

The Contract is subject to the applicable provisions of the Contract Work Hours Standards Act. Public Law 87-581, 87th Congress. No Contractor or Subcontractor contracting for any part of the contract work shall require or permit any laborer or mechanic to be employed on such work in excess of eight (8) hours in any calendar day or in excess of forty (40) hours in any work week unless such laborer or mechanic received compensation at a rate not less than one and one-half times his basic rate of pay for all hours worked in excess of eight (8) hours in any calendar day or in excess of forty (40) hours in such work week, as the case may be.

33. EMPLOYMENT OF LABOR:

The Contractor and each of his Subcontractors shall hire qualified workers for the project who are citizens of the United States or legal resident aliens with first preference being given, insofar as practicable, to those having served in the armed forces of the United States and having been honorably discharged or released from active duty therein.

The Contractor shall employ only competent persons to do the work, and whenever requested in writing by the City Representative, the Contractor shall discharge any person who commits trespass or is, in the opinion of the City Representative, disorderly, dangerous, unfaithful, insubordinate, incompetent or otherwise unsatisfactory.

The Contractor shall confirm its compliance with the 80% Colorado labor requirement of the Keep Jobs in Colorado Act, H.B. 13-1292, including C.R.S. 8-17-101, et seq.

34. SANITARY PRECAUTIONS:

Sanitary conveniences for the use of all persons employed on the work, properly screened from public observation, shall be provided in sufficient numbers in such manner and at such points as shall be approved. The contents shall be removed and disposed of in a satisfactory manner as the occasion requires. The Contractor shall rigorously prohibit the committal of nuisances within, on, or about the work. Any employees found violating these provisions shall be discharged and not again employed on the work without the written consent of the City Representative.

The Contractor shall supply sufficient drinking water from approved sources to all of his employees.

The sanitary convenience specified above shall be the obligation and responsibility of the General Contractor until the completion of the work. The facilities shall be made available to all other Contractors and Subcontractors.

35. SALES AND USE TAXES:

Do not include sales or use taxes in your bid. House Bill 1451 provides that Contractors shall make application with the Colorado State Department of Revenue for a tax exempt number which will be issued for the duration of the project. This tax exempt number is for State taxes only. The City of Wheat Ridge will issue its own tax exempt number for local sales tax purposes. An affidavit must be signed by the General Contractor for such project before the City tax exempt number can be issued. Please be advised that a supplier is allowed by Colorado law (C.R.S. 39-26-703 (1)) to disallow any exemption because the seller is ultimately responsible for the tax. When a supplier exercises this right, please seek a refund of sales taxes paid from the appropriate jurisdiction (city or state).

36. BUSINESS LICENSE:

A business license is required for all Contractors performing work in the City prior to beginning work. Please contact the City Sales Tax Division to obtain a license.
