### Notes

- \* If an application does not include review of architectural elevations, fee shall be reduced by \$300.
- \*\* Applicants are responsible for recording fees. Fees are set by and subject to change at the discretion of Jefferson County.
- \*\*\* Fee may be reduced if curb, gutter, and/or five-foot wide sidewalk are existing. Fee are based on prevailing costs as determined on an annual basis by the Public Works Department.

**Per acre charges** are based on exact acreage and apply to all sites, even to sites that are less than one acre. Fees are rounded up to whole dollar amounts.

**Appeal of a decision** may be subject to additional application, processing, and/or public notice fees.

**Publication/public notice fees** are based on the average application. Applications with extraordinary mailing requirements or legal descriptions may be charged the additional cost of postage or publication. These costs shall be paid by the applicant prior to the public hearing. If they are not paid, the public hearing will be continued.

When **multiple requests** are being processed as a single application, the applicant will be charged for each land use request. For cases heard together at the same public hearing, the applicant will be charged per hearing, not per case.

**Resubmittal fees** may be owed if after review of the second submittal changes have not been made as requested by staff. Subsequent review will occur only when the resubmittal fee is paid. Resubmittal fees are as follows:

- 1st, 2nd, and 3rd submittal are included in the application fee
- at the 4th submittal - additional review fees in the amount of 1/2 of the original application fee are owed
- at the 6th submittal - additional review fees in the amount of 1/2 of the original application fee are owed
